We're here to help

At BCM Homes we recognise that whilst building your new home is an exciting time for you and your family, the process of selecting the finishes and colours may be a little daunting. To support you in this process, we offer a 4-hour complimentary colour consulting service with our in-house Colour and Interior Design Consultant.

During this time, you will be able to browse our display room and be shown standard inclusions and upgrades available for your home. You will be supported in selecting all of your exterior colours and finishes, interior colours, flooring, joinery, plumbing and fixtures.

As there is much to consider, we ask that you complete a questionnaire prior to your appointment, so that we can gain some insight into the vision you have for your home and an understanding of your personal style.

In addition to this, it would be a valuable exercise to collate images from Instagram, Pinterest and magazines to share with us, your preferred styles.

Build Local, Live Local

Haymes Paint

A Ballarat born; family run business offering exceptional quality paints with a finger on the pulse to current and emerging colour design trends. Most importantly, Haymes provides us with a low-odour and environmentally responsible product that we can confidently use in your family home.

Selkirk Bricks

Established in Regional Victoria and firmly based in Ballarat, Selkirk remains privately owned by the Selkirk family. Not only have they built a reputation throughout the industry as a trusted supplier, but offer colours and textures to suit any architectural or personal style. As the largest privately owned manufacturer of clay bricks in Australia and a commitment to craftsmanship, quality and innovation; this is a proud collaboration.

The importance of good design

At BCM Homes we believe that you can't underestimate the impact that great design and a well thought out colour palette can have in setting the mood and atmosphere in our homes.

Colour alone has the power to create the spaces we are in to feel calm or motivated, nurtured, or energised and everything in between.

Now, more than ever, our homes are our sanctuary's. By creating a well-balanced colour palette, we have the ability to infuse these

feelings into our families every day life to combat the constant change and the hustle and bustle of our busy lives.

Once you have selected the optimum floorplan for your family's individual needs and lifestyle, our in-house Colour and Interior Design Consultant will support you to achieve a tailored, functional and beautifully aesthetic feel to your new BCM Home.

INTERIOR COLOUR PALETTES

Fresh

This collection highlights just how beautiful simplicity can be. You could assume that this minimal palette could create an uninspiring space. However, by varying the tones of white and experimenting with textures and materials, you can create a fresh, individual and uplifting feel to your home. An exciting blank canvas to make your unique artwork, photographs and personal items stand alone. Pair this palette with timber & rattan baskets, fresh green foliage and a minimalist approach to clutter!

Calm

When you implement a palette that is as harmonious as this grouping of beautiful neutrals you create a space that is comforting in its soft and relaxed feel. These cooler grey hues are a lovely alternative to white and can make rooms appear more spacious than they actually are. A perfect palette for compact or contemporary homes and as such a versatile colour, this neutral backdrop will work in every room! Think pale timber furnishings and baskets, experiment with varying textures in your finishes and add accents of white and darker tones of grey. However if looking for a contrast, corals and dusty pinks pair beautifully too.

INTERIOR COLOUR PALETTES

Nature

The hero of this palette is the abundance of beautifully toned timber throughout your joinery and flooring. The natural wood in the room brings the warmth of the palette to life. Creating an inviting, soft and relaxed space, allowing the whole family to come and go as they please. The perfect base to layer natural fibres and textures through your furnishings. Think silvery-green indoor plants, textural cushions in muted tones, chunky rugs and oversized furniture.

Grounded

A palette rich in earthy tones that create a sense of warmth and welcome to your home. Balancing a neutral colour scheme alongside natural and organic textures, breathes life, infuses calm and keeps the space peaceful without a uniform appearance. Think warm timber furniture, textural soft furnishings and ceiling to floor curtains.

INTERIOR COLOUR PALETTES

Serene

Embracing Ballarat's Winters with a soothing and serene dark grey palette, we focus on creating a space that is warm and comforting. Cocooning in rich tones of grey, we create beautiful soft contrasts blending both neutral, darks and bolds together. It's all about texture with this palette. Think black fixtures, chunky knitted throws, tan leather accents, billowing curtains, dark green leafy plants, timber furnishings and striking artwork for your walls. Oh... and a cosy fire too!

Sleek

This striking palette creates an ambient and intimate feel to your home. A sleek, classic monochromatic collection, brought to life by an abundance of warm timbers, black joinery and accent fixtures. It's the little black dress for interiors, just add your own accessories! Think rich gemstone colours to contrast; like ruby or emerald in textural fabrics, layered soft furnishings, ceramics and vibrant artwork. Highlight these features with wall lights and lamps to set the tone!
